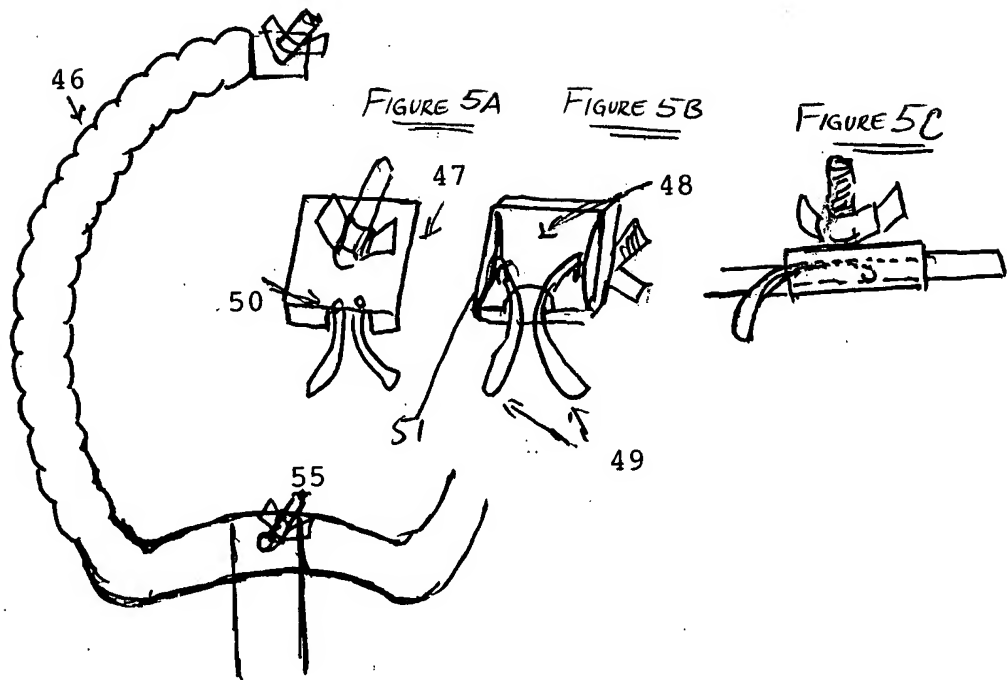

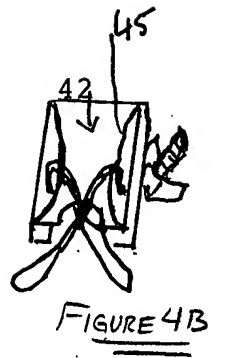

FIGURE 5

A detailed technical drawing of a mechanical device, possibly a pump or a valve assembly, shown in a cross-sectional view. The device features a central vertical shaft (12) with a handle (13) at the top. A large circular component (10) is mounted on the shaft, with a curved arm (11) extending from it. The arm is connected to a lever (14) which is pivoted on a support (15). The lever is further connected to a piston rod (17) which is part of a piston (18) inside a cylinder (19). The piston is connected to a crankshaft (20) which is mounted on a base (25). The base is supported by a frame (26) and has a handle (27) at the bottom. Various other components are labeled with numbers, including a valve (21), a spring (22), a seal (23), a gasket (24), a nut (28), a bolt (29), and a screw (30).
